

Logitech iPad solutions for education

Tools to enhance learning and teaching with Apple® devices

Technology continues to play an influential role in education, with devices like the Apple iPad enhancing how students learn and teachers engage. Logitech solutions complement iPad by providing accessories designed for functionality, intuitive use, and lasting durability.

For students

Logitech solutions for iPad enable smooth and reliable typing, writing, and drawing experiences, making them ideal for everyday classroom tasks, creative projects, and hands-on learning. Their durable designs and advanced features ensure students at all ages and stages can engage effectively in learning activities while maintaining focus on their educational goals.

For educators

Educators benefit from Logitech's versatile solutions, built to simplify lesson planning, grading, and collaboration. Lightweight designs and adaptable configurations empower teachers to work efficiently, both inside and outside the classroom. With features like precision trackpads and adjustable viewing options, these tools help teachers stay organized, deliver engaging lessons, and connect with students more effectively.

Solutions for iPad (10th generation and A16)
