Logitech®

Today's Classroom Essentials

Equip classrooms of any shape, size or format with key solutions to support every student and educator.

Help students maximize their power and potential of learning apps with these essential tools. Whether it's a headset to support their focus or a stylus to support creativity, these are must-haves for today's classrooms.

RUGGED COMBO KEYBOARD CASES

Logitech keyboard cases are the perfect partner for iPad in the classroom, protecting against drops, spills and scratches, meeting military standards of drop protection (up to 1.2m). Models available for iPads gen 7-9 and 10.

LOGITECH CRAYON

Powered by Apple Pencil technology, Logitech Crayon is a versatile, pixel-precise digital pencil for iPad supporting hands of all sizes and developing fine motor skills. Available with USB-C charging or Lightning.

M325 MOUSE

Our compact, ambidextrous wireless USB mouse with a battery life to go the full school year and then some.

ZONE LEARN HEADSET

The Zone Learn headset is a durable, customizable headset, keeping students in the learning zone with a comfortable, micro-adjustable fit and audio that's designed for speech. On-ear and over-ear options available with AUX, USB-A or USB-C cables

H111 STEREO HEADSET

Affordable and practical, the H111 stereo headset features a 3.5 mm audio jack and cleanable, comfortable leatherette ear cushions.

H390 HEADSET

With a simple, plug-and-play USB-A connection, in-line volume and mute controls, and a 6.23ft cord, the H390 provides quality audio and lets students stand up, stretch, or move without disengaging from individual learning.

EQUIPPING EDUCATORS

Supporting every great educator is a suite of tools that maximize productivity and creativity.

COMBO TOUCH KEYBOARD CASE

The iPad keyboard case that allows educators to type, view, write & sketch, and read on iPad— all while keeping the front, back, and corners snug and protected. Features a detachable keyboard. Models available for iPads gen 7-9 and 10.

K400+ KEYBOARD

A quiet, easy-to-use keyboard with a built-in touchpad, plus all the hotkeys Windows® and Android™ users know and love. Complete with media controls that make navigating a classroom smartboard or TV a breeze.

SPOTLIGHT PRESENTATION REMOTE

Every teacher's favorite: Spotlight is a whole new standard in presentation control — specifically designed to keep audiences engaged. Control classroom presentations while being able to "spotlight" specific content.

BRIO 505

Make recording content or virtual instruction easy with Brio 505, a 1080p plug-and-play webcam certified by major video platforms. Includes light correction, auto-framing, and Show Mode.

CONNECT THE WHOLE CLASS

Engage every student - wherever they sit - in classroom content and conversation through video conferencing solutions that give every student a front row seat. Our solutions are compatible with most major video conferencing platforms and learning management services.

RALLY VIDEO CONFERENCING SOLUTIONS

Collaborative classrooms are at your fingertips with our family of Rally video conferencing solutions. A premium, ultra-HD conference cam, available in a range of sizes, Rally products make sure everyone in the room can be seen and heard.

SCRIBE WHITEBOARD CAMERA

An AI-powered whiteboard camera, Scribe empowers all learners to participate fully by broadcasting unobstructed whiteboard content in classrooms and hybrid learning environments.

LOGITECH REACH

Reach Camera is a flexible, intuitive camera that lets you teach without limits. Developed for teachers, with teachers, it's specifically engineered to suit educational use cases. Easy one-hand flexibility allows educators to move vertically, horizontally and in a full 360 rotation.

MEVO START

With 1080p HD video and six-hour battery life, Mevo is ideal for recording lessons and streaming them to remote students. Allowing educators to capture the entire classroom and intricate demonstration details, Mevo enables students to follow along live or catch up at a later date.
